

ONLINE EXECUTIVE MPH ALUMNI CAREERS

The Online Executive Master of Public Health (MPH) program was founded in 1980, and has graduated 659 students from 1983 to 2017. Our program equips its students with the skills and competencies to be successful in the field of public health, and our alumni work as leaders in academia, government, health care, nonprofit organizations, and industry, across the United States and around the world.
